Our Governing Board in Action

During the month of April the Menifee Union School District

Governing Board took the following actions: approved an Agreement for Recycled Water Retrofit Funding by and between Eastern Municipal Water District and Menifee Union School District for Callie Kirkpatrick Elementary School and Bell Mountain Middle School; declared the week of May 16-20, 2016 as Week of the Classified Employee; declared Wednesday, May 11, 2016 as Day of The Teacher.

Presentations

Ms. Pam Lauzon, Assistant Superintendent, of Business Services presented an update to the Governing Board, on the Energy Conservation/Energy Generation Project throughout the District. The District will realize over 33 million dollars in savings over the next 25 years, due to the installation of these Solar Projects.

Callie Kirkpatrick: Substantial completion has been achieved and Permission to Operate (PTO) has been obtained. The system is generating energy. Punch list items are in progress and the location of the kiosk installation is still to be determined.

Chester Morrison: Substantial completion has been achieved, PTO has been obtained, and the system is generating energy. Punch list items are in progress.

Ridgemoor: Substantial completion has been achieved and PTO has been obtained. The system is generating energy. Punch list items are in progress and the location of the kiosk installation is still to be determined.

Freedom Crest: Substantial completion has been achieved and PTO has been obtained for both the carport and ground mount systems. All broken modules have been replaced. Both systems are generating energy. Punch list items are in progress and the location of the kiosk installation is still to be determined.

Bell Mountain: Substantial completion has been achieved and PTO has been obtained for both the carport and ground mount systems. All broken modules have been replaced. Both systems are generating energy. Punch list items are in progress and the location of the kiosk installation is still to be determined.

Herk Bouris: Substantial completion has been achieved, SCE commissioning has been completed, and the system is generating energy. Punch list items are in progress.

Quail Valley: Substantial completion has been achieved, SCE commissioning has been completed, and will begin generating power tomorrow. Punch list items are in progress.

Oak Meadows: Substantial completion has been achieved, SCE commissioning has been completed, and will begin generating power within the next week. Punch list items are in progress.

Menifee Valley Middle: SCE commissioning is complete. System testing and final installation will continue over the next week or so. Substantial completion walk was done on Friday 4/1.

Southshore: SCE commissioning is complete. System testing and final installation will continue over the next week or so. Substantial completion walk was done on Friday 4/1.

Evans Ranch: SCE commissioning is complete. System testing and final installation will continue over the next week or so. Substantial completion walk was done on Friday 4/1.

Hans Christensen: Interconnection and commissioning is complete and fences have been removed. Final installation details and system testing are happening over the next 2 weeks. Substantial completion walk was done on Friday 4/1.
