*Substitute Administrator - Special Projects

The hourly rate for this position is assignment specific and determined on a case-by-case basis by the Personnel Services department prior to the start of each project. Because the required complexity and skill sets vary by project, an individual's hourly rate may change between assignments. Personnel Services will establish the appropriate hourly rate for each project by matching the designated duties to the corresponding level on the existing District Management Salary Schedule

*Approved by the Governing Board 7/28/2026 effective 7/29/2026
